STONE SEALER #6

TECHNICAL DATA SHEET

STONE SEALER #6 is a concentrated reactive silicone polymer in a water based emulsion that chemically bonds to form an invisible protective barrier with an enhancing ("wet look") on all types of interior and exterior stone surfaces including marble, granite, slate, limestone, sandstone, agglomerates and all naturally occurring stone surfaces.

STONE SEALER #6 is a combination product that offers both the qualities of Stone Sealer #2 and an enhancer in a single bottle.

The coverage rate of **STONE SEALER #6** will vary depending on the porosity of the stone to be treated but it is normally in the range of 500 to 1,000 sq. ft. per gallon per application and two applications are recommended.

APPLICATION PROCEDURE

It is recommended that **STONE SEALER #6** is brushed, rolled, sponged, sprayed or wiped onto the completely cleaned stone surface to be protected. Allow the product to be absorbed into the stone pores for 5 to 10 minutes then apply a second coat using the same procedure. Allow the treated stone to dry completely for 24 to 48 hours at room temperature. We recommend that this product is applied every 2 to 3 years.

PRODUCT FEATURES

- * Repels water and oil based stains
- * Enhances the stone with a wet look
- * Water resistant finish
- * Invisible barrier
- * Non yellowing
- * Provides abrasion resistance
- * Excellent heat resistance
- * Chemical inertness

CLEAN UP PROCEDURE

Clean equipment with soap and water, including the sprayer head, between applications.

SHELF LIFE

In the original container the product will have a shelf life of at least 6 months. If the product appears to be separated or has formed a gel contact Stone Technologies, Corp. before use.

TYPICAL PROPERTIES

Appearance	-	Milky liquid
Ionic Nature	-	NA
Odor	-	Odorless
Specific Gravity	-	1.00g/ml
pH	-	NA
Compatibility	-	Do not mix this product with any other chemicals

PACKAGING

This product is available in the following containers:

- 1 quart plastic bottle
- 1 gallon plastic bottle
- 5 gallon plastic pail
- 55 gallon plastic drum

SHIPPING

This product is non-hazardous under DOT shipping regulations. We ship the smaller containers by Fedex Ground and the drums by a common carrier that we select unless otherwise requested by the customer.

SAFETY

Before handling this product always read the Material Safety Data Sheet and container label's physical and health hazard information.

The information contained in this Technical Data Sheet is, to the best of our knowledge, true and accurate. No warranty, expressed or implied, is made or intended. The use should be based upon the customer's own investigations and appraisal.
