

# ECO RUST & CALCIUM REMOVER

## WATER BASED

**Removes rust and calcium stains from concrete, masonry, stucco and bricks  
prior to the application of sealers, paints or stains.**

**Directions: ALWAYS WEAR GLOVES AND PROTECTIVE GOGGLES.** Thoroughly saturate the concrete surface to be treated with this product using a pump up sprayer or watering can. Scrub the product into the concrete surface with a very stiff brush for 15 minutes. Do not allow the surface to dry out during application, add more product or sprinkle with water. Thoroughly rinse the surface with water three times to neutralize the etching action. When the surface dries if a powdery residue forms rinse again with water

### 1. FIRST AID:

**Eyes** – Flush with cool water for at least 15 minutes. Call a physician.

**Skin** - Wash thoroughly with soap and water. Call a physician.

**Ingestion** – Call a physician. Never give anything by mouth to an unconscious person.

**Inhalation** – If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Call a physician.

**2. SPILL CONTROL:** Eliminate all ignition sources and keep public away. Recover free product with absorbent materials and dispose of in accordance with local, State and Federal Regulations. Keep product out of sewers and water courses.

**DANGER:** Keep out of reach of children and animals.

**Always wear gloves and protective goggles when using this product.**

HMIS: H=2, F=0, R=0, PP=X
